

## To the UEG Member Federations

Lausanne, February 7<sup>th</sup>, 2014

### **RESULTATS OF THE SURVEY** **Disciplines practised within the UEG Member Federations**

---

Dear President,  
Dear Madam, Dear Sir,

During our Congress held in December 2013 in Portorose, we carried out a survey in order to learn which disciplines are practised within the UEG member federations. Forty-six of our forty-eight federations have answered; we are very satisfied with this number and would now like to share the results with you.

Please allow us to underline that some results could be somewhat misleading, in particular if several gymnastics federations are represented in the same country or if some disciplines are practised in local clubs. If you find wrong information or a lack of precision in the attached presentation, please send your remarks to [info@ueg.org](mailto:info@ueg.org).

Thanking you very much for your precious cooperation, we remain,  
Yours sincerely,
